

Cast Magic®

The Cast Magic® Casting System is an easy way to add an endless variety of bright metallic, glitter and color effects to your castings. Castings are durable and UV/weather resistant.

Easy as 1-2-3! With the Cast Magic System, you can create spectacular effects in minutes!

Method 1: **POWDER COAT MOLD and CAST**

1. Powder Coat

2. Cast Resin

3. Demold

Materials Used:

- n Mold Max® 30 Silicone Rubber
- n Pearly Green® Cast Magic Powder
- n Smooth-Cast® 300 Resin
- n So-Strong® Black Pigment

Casting reflects perfect detail from the Mold Max® 30 Silicone Rubber mold with a bright metallic finish! Combine powders and pigments for hundreds of different effects.

...That's Cast Magic!

Method 2: **MIX POWDER WITH RESIN and CAST**

1. Mix Powder

2. Cast Resin

3. Demold

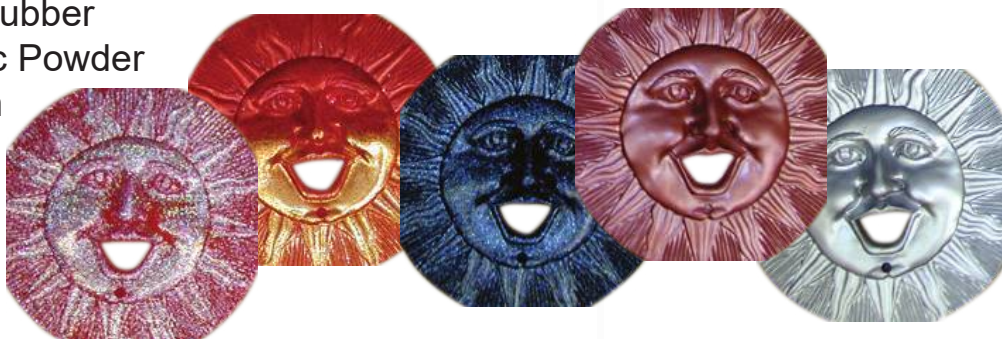

Materials Used:

- n Mold Max® 30 Silicone Rubber
- n Silver Ghost® Cast Magic Powder
- n Smooth-Cast® 325 Resin

Finished casting is translucent with glitter effect!
